Fly & Sail Expeditions

TO WHOM IT MAY CONCERN

Trywell International of Tokyo, Japan, has been an agent of ANTARCTICA21 since 2010.

ANTARCTICA21 offers exclusive Fly & Cruise expeditions to Antarctica; a unique opportunity to fly over the 'infamous' Drake Passage in less than 2 hours, and to join an expedition cruise visiting the best wildlife sites along the Antarctic Peninsula.

Both ANTARCTICA21 and Trywell International are committed to offer to their guests the experience of a lifetime.

Mrs. Kazue Tajima, President of Trywell International, has firsthand knowledge of Antarctica which allows her to share her expertise as well as the passion for the White Continent with her guests.

She is a valued agent and we are looking forward to many more years of our excellent collaboration.

We are pleased to welcome many guest of Trywell International on board with ANTARCTICA21!

Sincerely,

Alex Liu
